drafting tools, furniture and equipment, and supplies for the vocational, graphic and industrial technology teacher. Another catalog from the Computer Graphics Division describes a full line of computer supplies, hardware and peripherals including details on the company's exclusive turnkey Classroom CADD™ Systems.

Industrial Press, 200 Madison Avenue, New York, NY 10016.

This publisher's catalog lists books for industry, engineering, technology and science.

Dale Seymour Publications PO Box 10888, Palo Alto, CA 94303; 800/USA-1100; Free.

Especially of interest to technology education teachers are this catalog's books on problem solving and math and science related experiments.

Mindscape 3444 Dundee Road, Northbrook, IL 60062; 800/221-9884; Free.

This 48-page catalog has software for grades K to 12.

Selected Products for People with Special Needs Radio Shack, 1700 One Tandy Center, Fort Worth, TX 76102; Free.

The products in this expanded catalog are of particular interest to people with special needs.

Teachers' Laboratory PO Box 6480, Brattleboro, VT 05301; Free; 802/254-3457.

All the items in this catalog are designed to help teachers teach science and math more effectively. (And we think technology education, too.) Products are covered include robots, electricity, simple machines and more.

Pitsco PO Box 1328, Pittsburg, KS 66762; 800/835-0686; Free.

Products, books and software in this catalog help technology education teachers make innovation a standard in their class.

EMC 88/89 Fisher Scientific, Educational Materials Division, 4901 W. LeMoyne Street, Chicago, IL 60651; Free; 800/612-7700.

Materials from lasers to safety equipment and audiovisual aids are offered.
